## HEALTHCARE PLAN SOLUTIONS THAT BENEFIT YOUR BUSINESS

We all know that employee compensation is much more than just a salary. Today's workforce places just as much value on the additional "perks" such as vacation and personal time, corporate memberships, retirement plans, and health insurance. However, creating an employee benefits package is a complicated process—and you have a business to run. That's where we come in. Our specialists work with you to provide a comprehensive plan that meets your goals and objectives.

J. Freeman & Associates offers a complete suite of corporate benefits for businesses. From conventional employee benefits—including health, retirement, disability and life—to individualized consulting services, we create packages that help you maximize income, retain key employees, and offer security for your company and your staff. Contact us for a thorough analysis of your current and projected needs and let us provide a plan tailored for you at the best possible cost.
